"Howells is to Boston what Dickens was to London. The future history of Boston will be incomplete without Howells's pictures of the city. A good volume might now be filled with them, and a highly entertaining book it would make. Some day we shall have a 'Boston of Howells,' as there is today a 'London of Dickens.'"

# THE BOSTON Saturday Evening Gazette.

THE SOCIETY PAPER OF BOSTON.

THE BOSTON SATURDAY EVENING GAZETTE is peculiarly a Boston paper, and has been for nearly three quarters of a century the leading family weekly journal of the city. Its circulation is largely among the most intelligent and influential class of readers. In the discussion of topics relating to

Literature, Politics, Art, Music, and the Drama,  
Society, and the General Affairs of the Day,

it employs the best writers, and among these are gentlemen and ladies who are recognized as the first authorities in the specialties of which they treat.

An important feature is the publication of the sermons of the Rev. JAMES FREEMAN CLARKE, D.D., which are printed each week during nine months of the year, from the author's manuscript, and are believed to be the ablest and the most widely read discourses that emanate from any New England pulpit.

The GAZETTE is a special favorite with the ladies. Its "Out and About" columns contain a larger amount of matter of interest to this class than can be found in any weekly journal in the country, and have given it a reputation in Society Circles everywhere. The "Familiar Letters of Peppermint Perkins" are among the many strong and popular specialties of the GAZETTE, and have from their first appearance enjoyed a constantly-increasing favor. As a hotel paper, the GAZETTE stands second to none in extent and thoroughness of information. It is taken in clubs throughout the United States. In fact, as a Society, Hotel, and Club Paper, it is without a rival.

The GAZETTE gives close attention to local news, and is the only Sunday paper in Boston, except the "Herald," that has the advantage of the Associated Press telegraphic despatches.

As an advertising medium the advantages of the GAZETTE are obvious, and are widely appreciated. No journal has a more select and desirable advertising patronage; and by the Book Trade, the Hotels of the Country, the Dry Goods Trade, and in specialties in which the patronage of ladies is solicited, it is most of all sought.

"One of the brightest and most enterprising papers in New England."—*Harper's Weekly*.

"THE BOSTON SATURDAY EVENING GAZETTE continues to be conducted with diligent enterprise, and to maintain its claims to the regard of its numerous friends by the diversity and ability manifested in its well-filled columns from week to week."—*Boston Transcript*.

"THE BOSTON SATURDAY EVENING GAZETTE, which has seen the rise and fall of at least a score of newspapers in Boston, keeps on the even tenor of its way without a skip or a break. Its appearance is not suggestive of age, but of perpetual youth, and it holds its peculiar field without a rival."—*Boston Herald*.

## MASON & HAMLIN, *IMPROVED* UPRIGHT PIANOS,

CHARACTERIZED BY  
**BRIGHTEST, PUREST TONES,  
GREATEST DURABILITY,  
IMPROVED METHOD OF STRINGING.**

*The Strings being directly secured to the iron frame by metal fastenings will not require tuning one quarter as often as Pianos on the old system.*

This new mode of piano construction was invented and introduced by MASON & HAMLIN in 1882, and is no longer an experiment, but has been fully tested and proved, many excellent experts having pronounced it the "greatest improvement made in pianos of the century."

Every piano of their manufacture will illustrate that *very highest excellence* which has always characterized their *Organs*, and won for them *highest awards at every great world's industrial exhibition* for nineteen years. Catalogues of *Organs* and *Pianos* free to any address.

With Woolrich & Co.  
on every label.

**WOOLRICH & CO.** claim that their food differs from all others in this respect: It is adapted to the condition of the feeblest infant (as is abundantly proven from testimonials), by observing "Special Directions" on the wrapper accompanying each can, and will furnish a full meal for the healthy growing child. Entering the field when the greatest prejudice existed against all artificial feeding, its intrinsic worth was speedily recognized by physicians and matrons of all schools and classes; and the popularity of **Ridge's Food** was never greater than it is today, though the market is overrun with foods of all kinds. The proprietors believe it is no exaggeration to say that it has successfully reared more children than all other foods combined. They have published a pamphlet, entitled "Healthful Hints," prepared with great care, and will be sent to any address free, by mentioning "*The Boston Blue Book*."

## SIGNAL SERVICE, U. S. ARMY.

---

### WIND — DIRECTION AND VELOCITY SIGNALS.

---

Cautionary against a wind velocity that will be dangerous to all classes of vessels, that is, when a velocity of thirty-five miles per hour is expected *on the water* within one hundred miles of the station where hoisted.

I. Direction signal above cautionary signal when easterly winds are expected ; and below for westerly winds.

II. Black stripe above white when northerly winds are expected ; and below for southerly winds.

III. Cautionary flag hoisted alone indicates the probable direction of wind is doubtful.

IV. A red light at night represents the cautionary signal.

There is no night signal for wind direction.

No signal is displayed for rain or snow, but the north-east and south-east signals mean that the storm is approaching from the west, which is usually accompanied by rain or snow.

The cold-wave signal consists of a white flag with square black centre : when displayed, it means that the temperature will fall rapidly during the next twenty-four hours.

---

The United States Signal Office in Boston is located in the Post-Office building, corner Milk and Devonshire Streets, and is open to visitors from 9 A.M. until 4 P.M.

# Card Etiquette.

---

THE signification of CORNERS turned on Visiting Cards:—

Upper right corner — Visit.

Upper left corner — Congratulations.

Lower right corner — Adieu.

Lower left corner — Condolence.

Turning the entire left end — A call on the family.

R. S. V. P. — Répondez, s'il vous plait — Please answer.

P. P. C. — Pour prendre congé — To take leave.

To send a card without calling signifies inability to call in person.

Acceptances or regrets should be sent as soon as possible after receiving invitations. If no reply is requested, and no regrets sent, it is understood the invitation is accepted.

“Party Calls” should be made within one week after date of the party.

Invitations in your own city should be sent by messenger, not by mail. Answers to such invitations should be similarly sent.

Letters or notes of invitation delivered by hand in the city are often marked E. V. — En Ville.

The custom is, for a lady about to be married, to enclose her card in an unsealed envelope, which the servant should deliver; the lady not leaving the carriage.

On gentlemen's visiting cards, “Mr.” should be prefixed to the name.

Any lady wishing to inform her friends of the presence of a lady visiting her family, should enclose her visitor's card with her own, in the same envelope.

An invitation to dine should be answered on the day received.

On receipt of an “At home” card, no reply is required.

An invitation requesting your presence requires an answer.

OCTOBER 1, 1886.

#### BOSTON FIRE-ALARM TELEGRAPH: SPECIAL NOTICE.

The fact that an alarm-box is located near their residence, and where the key is kept, should be known to all persons; also the simple manner of giving an alarm in case of fire. The Board of Fire Commissioners recommend to all persons who may see this notice, that they make the necessary inquiries, to enable them, in case of need, either to get the key, and give an alarm, or to direct others to do so. *Time* saved in this way may sometimes prevent a conflagration.

## IN CASE OF FIRE, FOLLOW THESE DIRECTIONS.

Go to the nearest box to the fire.

A sign over each box gives location of keys.

Open the box; pull the hook all the way down ONCE only, and let go.

Wait *one full minute* for the sound of the bells.

If you hear no sound, *pull again* as before; and the *third* time if you get no sound.

If you fail the third time, go to the next nearest box, and do the same there; but do not touch any other box if the nearest one gives the alarm.

If it be a keyless door, turn handle to right, and open the door; *when* open, pull hook as in other boxes.

After giving the alarm, remain a while if *possible* by the box, so as to direct the firemen to the fire.

SECOND ALARMS. — No person will give alarms for the same fire (after the first alarm has been given) without an order from an Engineer or the officer in command; and the person so ordered will be *sure* to go to the *same box* from which the first alarm was given, and report the same to the Chief Engineer. *If, however,* a fire breaks out while another is burning in a different section of the city, a *second* alarm can be given by a Police Officer, without waiting for an order from an engineer.

## CAUTIONS TO PERSONS HOLDING SIGNAL KEYS.

1. Never open the box or touch the hook, except in case of fire.
2. Never give an alarm for a fire seen at a distance.
3. Be reasonably sure there is a fire before giving an alarm.
4. Be sure your box is locked before leaving it.
5. Never let the key go out of your possession, except to some responsible person to give an alarm of fire, and be sure the key is returned.
6. *If you remove from your house, or place of business, return the key to the Fire Commissioners' Office without delay.*
